December 31st, 1934.

TO OUR STOCKHOLDERS:

Financial report showing the results of the International Shoe Company's operation for the fiscal year ended November 30th, 1934, is submitted herewith.

Net sales to customers were \$77,168,682.26 compared with \$70,343,128.85 last year. Our factories produced 44,804,507 pairs of shoes, against 43,661,589 last year.

Subsidiary plants (sole leather and upper leather tanneries, textile mill, factories making all leather counters, heels and soles, rubber heels and soles, welting, box toes, cartons, containers, chemicals, cements, etc.), produced during 1934 shoe materials and shoe supplies amounting to \$38,213,748.45 which, combined with our sales, made an aggregate of \$115,382,430.71 business transacted.

Net earnings, after taxes, for the year were \$8,967,024.44, which represent an earning of \$2.67 a share on the Common Stock. This compares with \$9,090,566.51 or \$2.58 a share last year. The Company's Preferred Stock having been redeemed in 1933, all of the earnings now apply to the Common Stock which accounts for the increase in earnings per share, although the total net income was \$123,542.07 less than last year.

The Company's current assets of \$52,634,439.82 are thirteen times its current liabilities of \$4,005,251.57, which include a reserve for income taxes of \$1,915,000.

In accordance with action taken by the stockholders at a meeting held October 30th, 1934, 410,000 shares of common stock formerly carried by the Company as Treasury Stock were retired from issue and given the status of authorized and unissued stock.

About 30,000 employees are required for the operation of our various plants. These employees, with their families, represent perhaps 100,000 people whose welfare and happiness are directly dependent upon the Company's success. The Company is not unmindful of the sacred responsibility growing out of this social relationship.

Despite the political, economic, and industrial complexities of the year, our organization has worked with intelligent, sympathetic co-operation.

During this period, when rather loose criticism has been directed against all industry, our salesmen, factory employees, heads of departments, and executives have held steadfast in their loyalty to the Company, with abiding faith in the principles that direct and control its operations.

In these circumstances, it is most fitting for us to express to our associates as a whole, the Company's deep appreciation of their splendid efforts in the Company's behalf.

Our Company has consistently followed the sound principle of making honest shoes and selling them on a basis of sound values. Working on this uniform standard of quality and backed by our splendid organization, we approach the New Year with confidence in continued and renewed success.

Respectfully submitted,

INTERNATIONAL SHOE COMPANY.

*Frank C. Rand* *W. H. Moulton*

Chairman of the Board.

President.

INTERNATIONAL SHOE COMPANY,  
St. Louis, Missouri.

We have made an examination of the Consolidated Balance Sheet of the International Shoe Company and Subsidiary Companies as at November 30, 1934 and of the Consolidated Income and Surplus Accounts for the year ended on that date. In connection therewith, we examined or tested accounting records of the Companies and other supporting evidence and obtained information and explanations from officers and employees of the Companies; we also made a general review of the accounting methods and of the operating and income accounts for the year, but we did not make a detailed audit of the transactions.

In our opinion, based upon such examination, the accompanying Consolidated Balance Sheet and related Consolidated Income and Surplus Accounts fairly present, in accordance with accepted principles of accounting consistently maintained by the Companies during the year under review, their consolidated position at November 30, 1934 and the results of their operations for the year.
